
Bluegrass/folk jam session

I would like to start a weekly jam for beginner to intermediate players. We have a rhythm guitar and a banjo player and are looking for a bass, mando, fiddle, dobro and lead guitar. Acoustic only. Expert players are welcome but keep in mind this will be mostly beginner to intermediate players and the first time for some in a jam type setting so patience is a must. We are trying to keep this in the bluegrass, folk, gospel genre although older country will probably be tried also. Contact Tim at 583-5336
